¹Percentages are based on the number of births for each year. Percentages are rounded and may not add to 100% due to rounding error. Please be cautious when interpreting small numbers (fewer than 20 events) because these data do not meet the requirement for a minimum degree of accuracy.

²Women have graduated from High School or completed their Graduate Record Exam (GED) with no further educational attainment reported.

³Numbers less than five are not displayed (*).
