## **Recommendations to Limit the Spread of COVID-19 in Businesses**

### **Frequently clean and disinfect surfaces that are touched frequently by hands:**

Wear disposable gloves when cleaning and disinfecting. Discard gloves after each cleaning. Clean hands immediately after gloves are removed.

If surfaces are dirty, clean with detergent or soap prior to disinfecting

For disinfection of public areas and non-food contact surfaces:

- Dilute household bleach for non-porous surfaces
  - 5 tablespoons (1/3<sup>rd</sup> cup) bleach per one gallon of water or
  - 4 teaspoons bleach per quart of water
  - Allow to dry on surfaces for a minimum of ten (10) minutes before use
- Alcohol solutions with at least 70% alcohol
- Most EPA-registered household disinfectants
  - [https://www.epa.gov/sites/production/files/2020-03/documents/sars-cov-2-list\\_03-03-2020.pdf](https://www.epa.gov/sites/production/files/2020-03/documents/sars-cov-2-list_03-03-2020.pdf)

Routinely clean and disinfect commonly touched surfaces such as:

Counters, table tops, menus, work stations phones keyboards  
Doorknobs, light switches, hand rails, shopping cart handles  
Toilets and handles, faucets, sinks, towel dispensers, soap dispensers

When cleaning soft, porous surfaces such as carpets, upholstery, rugs, drapes, etc., remove visible contamination if present and clean with the appropriate cleaners.

**Provide disinfectant wipes and hand sanitizers for use by customers and employees.**

**Encourage Social Distancing, maintain 6 foot separation:**

- Avoid sitting customers directly next to each other
- Post signs to remind people of social distancing while in line and while shopping
- Allow only essential persons into your business, encourage customers to leave children at home if possible

**For Employees emphasize staying home when sick, to cough into elbows not hands and frequent hand washing**
